Dear Heshy,

Since all of your factories offered 50% discount near the beginning of this conversation, please see below offer from GA:

Following the JOANN Bankruptcy Auction, the winning bidder for the assets, GA Group is interested in acquiring your goods that are in the US or on the way to the US.

The goods will be purchased by the GA group using the existing paperwork to clear goods faster. GA will provide a PO for your invoicing. In purchasing the goods, they have asked for a

60% discount off the cost to absorb the D&D. The terms will be 50% paid upon release by wire. The other 50% 30days.

Please let us know in the next 24 hours if possible so we can get the goods moving. If you have questions Matt Gins, SVP GA Group is on copy.

So your saying that on top of vendors taking goods back unpaid they have to pay the inbound freight to Century as well ?

Hi Heshy,

I can let the team know, but we are meeting daily to review RTV status and other vendors have offered deep discounts as well to take the goods. Absolutely 100% have been rejected as we do not have an open to buy to bring them in; the stakeholders are managing all purchases, and we have no money left to spend. I am sorry.

I will also tell you that timeline is very important. We received this advise from legal last night to share:

The signed RTV letter must be sent back immediately. Please be advised that if Vendor does not agree to the RTV process as outlined in the previous email (letter) that you received, then JOANN will consider the goods (merchandise) to be abandoned.

This is the last chance for them to get the goods back and try to sell off.....please advise your final decision today.

Thanks

Jen and Team- on behalf of all the vendors on this email they would like to offer a 50 percent discount to keep the goods. We feel that this merchandise will only benefit the estate in the upcoming store blowout sale.

Please bring this to the powers that be. Our mills are devastated financially. This will mitigate it somewhat.

Many thanks.
